Warranties

LATICRETE offers a comprehensive 100% labor and materials warranty for tile and stone installations. Underwritten by a AAA rated Global Insurance Company. Combined with over 50 years of worldwide experience, LATICRETE is the recognized leader in product quality and installation expertise.

LATICRETE warranties cover any suitable tile or stone manufacturer's product, allowing you to select the appropriate product and finish you desire for your project with confidence.

Customizable warranties are available to suit your specific project requirements.

The most comprehensive assortment of tile and stone installation materials available for virtually any tile or stone application around the world.

Our highly trained and experienced Technical Support personnel stand ready to assist you with project specifications, details, LEED compliance information, and to address any installation questions for your project.

For over half a century Architects, Engineers and Developers have trusted LATICRETE with their tile and stone installation needs. Let our global experience, product quality and technical support assist you on your next project – no matter where it is.

To qualify for the selected System Warranty, the LATICRETE products listed in each application as indicated on the applicable LATICRETE system warranty document must be used throughout the entire tile and stone installation in full accordance with the instructions listed on the respective product data sheet. Please visit www.laticrete.com for product data sheets and more information.

LATICRETE products listed on longer term warranties apply to shorter term warranties. However, if a product with a shorter warranty term is used with the installation system; the warranty of the shorter term prevails. Contact LATICRETE Technical Services for additional information. 800.243.4788, ext. 235 / technicalservices@laticrete.com / www.laticrete.com
